DEFENCE WHITE PAPER TEAM VISIT

The Defence White Paper Team visited Anglesea Barracks on Wednesday 6 August 2014 and consulted with the State Council of the Institute and a number of Past State Presidents, and the Service Representatives.

Lunch was the occasion to meet and greet and after lunch all adjourned to the Multi Media Room in the Flexible Learning Centre when robust discussion took place on matters that the members felt Defence ought to consider when forming the policy and directives for the ADF over the next 15 to 20 years.

Regional security, especially in regard to the rise of terrorism, was an issue as was a review of the ADF Reserve and the Conditions of Service, particularly the continual eroding of entitlements over a number of years. Below are photos of the Team and some of the Members who participated in the discussions.

Dr Stephan Fruehling, RADM James Goldrick and Mr Rory Metcalfe – The White Paper Team

Presentation to the RUSI London

While visiting London in August this year, The Executive Officer, SQNLDR Alan Robertson, presented an RUSI of Tasmania 90th Anniversary Medallion to the Royal United Service Institution in Whitehall, London. The photo below shows Neil Watling, the XO to the Director General of the RUSI, accepting the Medallion on behalf of the Institution.

Mr John Bennett, WGCDR Deb Phillips, AVM Peter Scully and CMDR Stacey Porter RAN

HMAS SYDNEY-SMS EMDEN ORATION

*On Friday 14 November 2014 we will
have the Sydney – Emden Oration
delivered by Rear Admiral James Goldrick
AO, CSC, RANR.*

*It will be the Centenary of that famous
action off the Cocos Islands (Direction
Island) on 9 November 1914 when
Captain John Glossop RAN in HMAS
Sydney caught and defeated the SMS
Emden.*

*The Presentation will start at 2pm in the
Theatrette in the Flexible Learning
Centre, Anglesea Barracks.*

WORDS OF WISDOM

The worst thing about history is that every time it
repeats itself, the price goes up.

Without ammunition, the Air Force is just an
expensive flying club.

When one engine fails on a twin engine aircraft, you
always have enough power left to get you to the
scene of the crash.

You know your landing gear is up and locked when
it takes full power and boost to taxi to the terminal

***On behalf of the State Council, we wish all
members a very Happy Christmas season and best
wishes for 2015.***
